TORONTO REPORT FOR ACTION

Housing Action Plan 2022-2026- Priorities and Work Plan

Date: March 7, 2023
To: Executive Committee
From: Chief Planner & Executive Director, City Planning and Executive Director, Housing Secretariat

SUMMARY

At its meeting of December 14, 2022, City Council adopted [Item 2023CC2.1](#) and directed staff to develop a "2023 Housing Action Plan" for the 2022-2026 term of Council to enable both market, non-market and mixed housing production in order to achieve or exceed the provincial housing target of 285,000 new homes over the next 10 years. This report responds to Council's request for a Housing Action Plan and outlines a strong 'made-in-Toronto' multi-pronged approach to increasing housing supply, housing choice and affordability for current and future residents.

The Housing Action Plan (HAP) priorities for the 2022-2026 term of Council, outlined in this report, include targeted timelines for the approval and implementation of a wide range of actions, policies and programs to increase the supply of housing within complete, inclusive and sustainable communities with the critical infrastructure to support growth. The HAP actions focus on: removing policy and zoning barriers to building housing; leveraging public lands to increase housing supply; preserving existing rental homes; supporting the development of a range of purpose-built rental homes (including market and non-market) through new and strengthened housing policies and programs; and supporting the community sector (including non-profit and co-op housing providers) to modernize and grow their stock.

To help inform this report, and as directed by City Council through [Item 2022 EX34.1](#), a Rental Housing Opportunities Roundtable ("Roundtable") was initiated in January 2023 to support the City in identifying short-term pressures, current constraints and future opportunities to increase rental housing supply within the current challenging economic climate. The Roundtable, comprised of a range of housing policy and development experts as well as City and CreateTO staff, identified a number of challenges to building rental housing in Toronto, as well as actions necessary to help 'unlock' supply. Attachment 2 to this report is an independent report titled "Perspective on the Rental Housing Roundtable" which will also be used to support future recommended changes
